Sailing and Cycling at Ferry Meadows

This term a group of pupils from the school have been accessing sailing and hand-cycling at Ferry Meadows. Through the autumn term the pupils refined their skills of cycling on a weekly basis at Peterborough athletics track with the support of Vivacity coaches. The youngsters have now been accessing this activity at the Ferry Meadows watersports centre using a variety of adapted cycles which have been hired from Vivacity. Pupils have also been accessing sailing through the Peterborough Sailability Team. These activities are available on Tuesdays and Thursdays throughout the summer and can be accessed by people with disabilities. Cycles are £2 hire per hour and sessions on the water can be booked through the Peterborough Sailability Team.

School Games Goldmark 2015-2016

The school has been awarded the School Games gold mark for the third year in a row! This is a huge achievement by our pupils. The School Games Mark is a Government led awards scheme launched in 2012 to reward schools for their commitment to the development of competition across their school and into the community. The Mark is a retrospective award which will validate success over the academic year. The criteria is available to view on our school website under the heading Sports Premium. You can also keep up to date with what's going on next year by following the link below to the Phoenix School Games page.

None of this would have been possible without the support of the school, parents, governors and the financial support received through school sports premium funding. And of course none of it would be at all possible without the efforts of our OUTSTANDING children and young people.

I would like to thank the following organizations and people for their time and efforts and continued support.

To next year!

Graeme Hull: PE Coordinator
